

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

SEPTEMBER 27, 2005

DHS and Auditor-Controller are conducting a review of billings by Navigant for services provided at Martin Luther King Medical Center. A recent article in the Los Angeles Times has brought to light specific billings made that are erroneous and in some cases for expenses associated with work preformed for other clients.

All payments to Navigant for both professional fees and expenses should be held until the Auditor-controller has completed its review and determined Navigant has billed appropriately for the professional services provided and that they were in compliance with their contract.

I, THEREFORE, MOVE that the Board instruct the Director of Health Services to hold all payments for professional fees and expenses until the Auditor-Controller has completed its review and confirmed that Navigant has provided the services it billed the County and that the expenses were appropriate.

I, FURTHER, MOVE that the Board instruct the Auditor-Controller to work with County Counsel and the Health Department to determine whether Navigant has engaged in any illegal activities in its billings to the County and to forward any identified problems to the District Attorney for investigation.
